Projects

- ◆ **E-Commerce Site**
Developed a scalable e-commerce platform with secure *JWT authentication*, product management, image uploads via *Cloudinary*, and seamless user experience using MERN stack.
- ◆ **Portfolio Website**
Built a modern full-stack portfolio website to showcase projects, technical skills, and contact features with responsive design.
- ◆ **Weather App**
Created a real-time weather application that fetches live weather data for any city using APIs with an interactive user interface.
- ◆ **Currency Converter**
Designed a dynamic currency converter integrated with live exchange rate APIs for accurate real-time conversions.
- ◆ **Movie Trailer Finder**
Developed a movie search platform that displays trailers instantly through API integration with a responsive UI.
